

# Analytics & Managed Review

You need managed review that is accurate, efficient, and affordable. We take a consultative approach to every project to determine the most efficient review workflow, leveraging analytics, to help identify critical information faster. ID provides a full suite of analytics and algorithmic coding tools and offers both Brainspace and the full suite of Relativity analytics in-house.

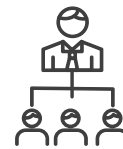

## THE ID ANALYTICS & MANAGED REVIEW EXPERTS PROVIDE:

### CUSTOMIZED & STRATEGIC WORKFLOWS

We consult with clients to match the best analytics, managed review tools, and strategies to achieve client's goals.

### COMPREHENSIVE VETTING OF CONTRACT RESOURCES

Each reviewer undergoes a rigorous screening process, including in-person interviews, reference checks, background research, and license verification.

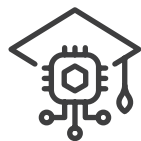

### EXPERT CONSULTANTS, LEGAL TECHNOLOGISTS

We understand matters from your perspective, with review project managers who are both attorneys and technologists.

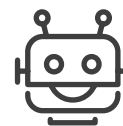

### LOCATIONS IN HIGHLY LITIGIOUS MARKETS

Washington, D.C.; New York, NY; Arlington, VA. ID can also bring a secure review center online in other locations as clients need dictate.

### ANALYTICS AND TECHNOLOGY-ASSISTED REVIEW

Clustering, categorization, continuous-active learning, predictive coding, near-duplicate identification, strategic organization & prioritization, statistical sampling - to name a few!

### BEST-IN-BREED TECHNOLOGY

ID provides a full suite of analytics and algorithmic coding tools and offers both Brainspace and the full suite of Relativity analytics in-house - and expert application to get the most out of them.

## HOW CAN ID SAVE US MONEY DURING DOCUMENT REVIEW?

By proactively leveraging analytics to maximize the efficiency of the review and strategically using the lowest-cost resources with the appropriate skill sets to conduct review-related tasks.

## HOW MUCH CAN ANALYTICS SAVE IN REVIEW COSTS?

Potential savings vary, but every case utilizing analytics has proved to save time and money while simultaneously improving the quality of the work product.
