

Information Governance

Innovative Discovery secures the intangible to help prevent the unimaginable. ID's information governance experts offer a proactive approach to data management. By working together to establish effective policies and procedures, you will reduce your risk of exposure while increasing your ability to mitigate threats in the future.

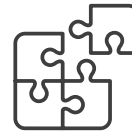

THE ID INFORMATION GOVERNANCE TEAM PROVIDES:

REDUCTION OF YOUR DATA FOOTPRINT

ID helps manage your data footprint, limiting exposure to external threats and retention of information you don't need.

PREPARATION FOR THE FUTURE

We consult with you on best practices for data retention to craft defensible policies moving forward.

DATA MAPPING

By creating a detailed data map, you better understand your data sources and how best to prioritize your data so that it is advantageous and secured.

COMPLIANCE

ID helps to set up procedures and policies to ensure that you only keep data as long is legally mandated.

WHICH IG PROGRAM IS BEST FOR US?

Every company should be implementing an information governance program. ID consults with you to find the best program for your organization's needs and goals.

CAN ID HELP US NAVIGATE GDPR?

ID is well-versed in new privacy regulations, such as the General Data Protection Regulation (GDPR) and the California Consumer Privacy Act (CCPA), and helps clients get compliant and build policies to stay compliant.

HOW CAN WE JUSTIFY THE EXPENSE?

How can you not? You are investing in getting your information in compliance and to implement programs that will protect you down the line - before something bad happens.
