

Project Management

Innovative Discovery’s project managers understand all phases of the litigation process and look at every project holistically, consulting with you every step of the way. Our PMs are fluent in technology and legalese, serving as the glue to every project, driving best practices and investing themselves into the client’s experience. Dedicated to concierge-level service, your PM team is available to you 24/7 and is right in the trenches with you throughout your project.

THE ID PROJECT MANAGERS DELIVER:

CONCIERGE-LEVEL SERVICE

We pride ourselves on providing concierge service every step of the way.

DAILY UPDATES

Daily updates at minimum - or on any schedule the project requires.

EXPERTISE

The ID PM team is stacked with certified experts, technologists, and lawyers proficient in industry-leading technologies.

PERSONAL RESPONSE

Your project manager is always available to you - you are NEVER pushed into a queue.

KICK-OFF CALL

We will host a kickoff call to discuss your project at all angles and plan a customized work flow. Your project will start on the right track, every time.

TECHNOLOGY

Our first-class PMs utilize best-of-breed technologies and software carefully selected to best serve our clients.
