

# Why Innovative Discovery?

Navigating the information lifecycle can be arduous and complicated, and the endless vendors vying for your business make that much more daunting. Innovative Discovery approaches our client's projects on a case-by-case basis, providing personalized workflows, hands-on service, and customized consultation. Our expertise leave you with confidence in your data and the feeling that you are a partner, and not a bottom line.

## ID SURPASSES THE COMPETITION BY PROVIDING:

### FEDRAMP

This highly-sought-after authorization allows us to offer a secure, cloud-based environment for government data and we proudly utilize those best practices for our business environments.

### END-TO-END SERVICES

Our end-to-end services provide solutions from forensics through analytics and managed review to final production. Having a partner through every step of the information life cycle creates seamless workflows and consistent results.

### LEGAL TECHNOLOGISTS

Projects are not separated between a technical team and attorney review team. We have multiple disciplines working on your matter - our lawyers understand technology and our technologist understand legalese.

### VARIOUS COLLECTIONS OPTIONS

We understand the need for options and tailor-made work flows to fit YOUR organization, technology, and comfort level with the process. ID offers our clients a variety of collection methods, including remote collection, to help you gather the reliable evidence you need for your case.

### TOP-NOTCH PROJECT MANAGEMENT

The ID PM team, available to you 24/7, is stacked with Relativity Masters & Experts, Relativity Analytics Specialists, Relativity Certified Administrators, Relativity Infrastructure Specialists, Nuix eDiscovery Specialists.

### CONCIERGE-LEVEL SERVICE

We pride ourselves on providing prompt, customized service every step of the way. Our team invests in your organization and your data, so you receive boutique-style attention from top-notch experts.
